Horse Boarding:

You can rent a stable for your horse during the clinic. It is fit with 2 bags of sawdust. If necessary additional sawdust can be bought at the facility or you bring your own. Small packages of hay can be bought at the facility but you can also bring your own hay. Please bring your own concentrated feed for your horse.

You are responsible for cleaning the stable.

At Welkoop Heeze and Boerenbond Geldrop you can also buy sawdust, packed hay and concentrated feed.

Please let me know from when till when you need the stable as we have to coordinate for 2 clinics. Therefore, it might not be possible to come earlier or stay longer or bring a second horse.

There will be a separate room for the riding equipment of all participants, but you can also bring your own cabinet to lock your equipment or just leave it in the trailer.

The trailer can be parked next to the stable, so you can also keep your equipment, hay or sawdust in the trailer, if you wish to.
